El espíritu del mar

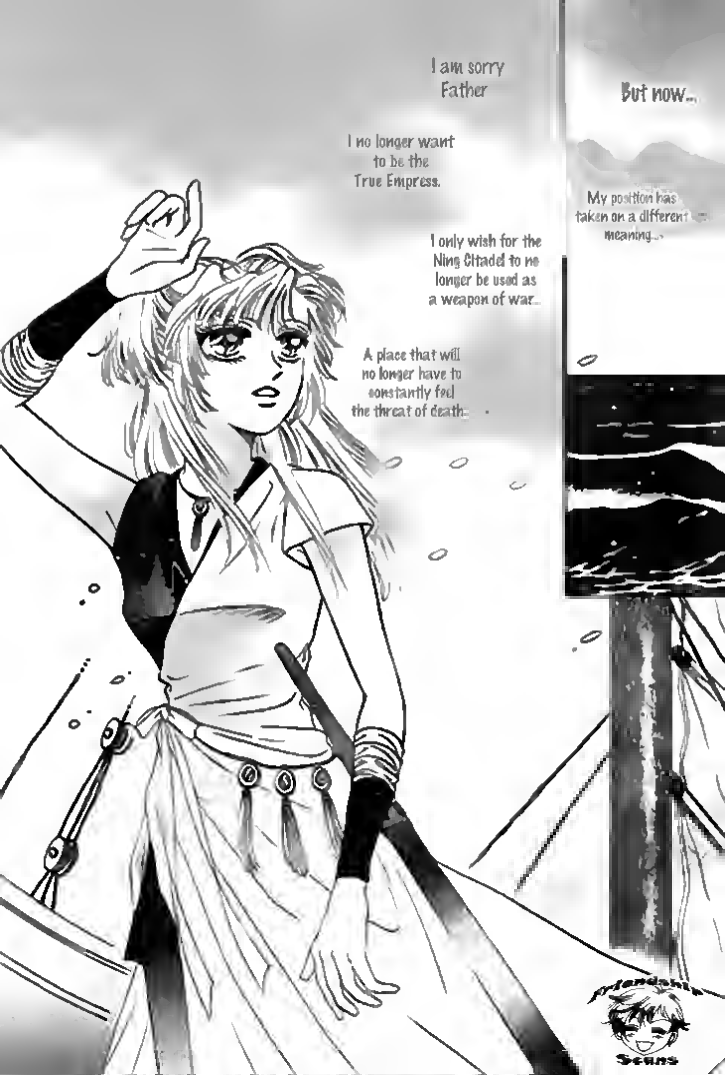
It has been my dream since I was little To officially stand at the head of the ship like I'm doing now
It is for this reason that it is called the vessel that will dominate the Southern Sea
With its strong, sturdy foundations, combined with powerful foreign artillery....
This is what the master shipbuilder Miu Chengxin had envisioned when he painstakingly devoted 20 years to the creation of this ship



I am sorry Father
I no longer want to be the True Empress.
I only wish for the Ning Citadel to no longer be used as a weapon of war...
A place that will no longer have to constantly feel the threat of death...
But now...
My position has taken on a different meaning...
